Description:

Unless specified otherwise, Rites take 5 minutes per level to perform, and requires the presence of at least 3 Garou. For every 5 extra Garou helping to perform the Rite, the Difficulty drops by 1 (to a minimum of 3).

To learn a Rite, you must train for at least 1 week per level (3 days for a Minor Rite). The Garou may then roll Intelligence + Rituals with a Difficulty of 10 - Intelligence. The number of successes needed are equal to the level of the Rite. If not enough successes are earned, the Garou may train again (1 week per level) and again until the necessary successes are achieved. If the roll ever fails, the Garou may spend a point of Willpower to keep training. If the roll Botches, the Garou must wait at least 3 months before picking the training back up (assuming she can find an instructor or spirit still willing to teach her).
